

# Parts Special

## Fastway® Onestep™

The Fastway® Onestep™ tandem axle wheel chock sets and removes in seconds. Simply step on the arms to lock the chock into place and pull up on the cable to remove! Little or no bending is required! Great for all types of trailers and adjusts easily. Durable finish will look great for years. Get the fastest and easiest chock - get the Onestep™, tandem axle wheel chock. Available in 16-24" range or 16-30" XL range.

**List Price:**  
Fastway® Onestep™ \$59.99

## Fastway® Flip™

Just one look at the New Fastway® Flip™ automatic jack foot in action, and it practically sells itself! Customers who are tired of hauling around wood blocks to place under their tongue jack will instantly want one for their trailer. The Flip™ bolts quickly and easily to almost any 2-1/4" jack with 2" jack inner tube; round or square. Extends and retracts automatically. Max 1,400 lb. tongue weight. Max 3,500 lb. lift weight. Includes 4" or 6" automatic extension and mounting hardware.

**List Price:**  
Fastway® Flip™ \$49.99
