30 CLASSIC LIMITED

CLASSIC LIMITED TRAVEL TRAILERS: 3 FLOORPLANS, 27, 30 AND 31

Forget what you thought or imagined luxury, comfort, and practicality could be in a travel trailer. Designed for long-term or full-time use, the Airstream Classic Limited takes it a step farther with traditional styling that never forces you to compromise. The flagship of the travel trailer fleet, the Classic Limited

line offers elegant floorplans with outstanding storage capacity, residential-style galleys, spacious living areas and private sleeping quarters. Inside you'll find generously appointed interiors with real hickory hardwood cabinetry, Corian® countertops, Moen® fixtures, plush furnishings,

cable and/or satellite TV and so much more. The Airstream Classic Limited is classic Airstream – the perfect expression of our commitment to design, innovation and quality. So go ahead and leave home without leaving behind the comforts of home. No corners have been cut and nothing spared in creating a living space that lets you entertain in style, dine in comfort and relax in peace. No other travel trailer comes close to creating this luxurious residential environment. To that we added exterior storage, smartly placed hookups and easy-out awnings that expand living area even further to the great outdoors. So no matter where you pursue your next adventure, Airstream Classic Limited travel trailers make you feel right at home – which, of course, you are.

TIRED OF COMPANIES TRUMPETING THEIR NEW-FOUND “GREEN-NESS”? US TOO.

So we’re happy to note that we’re still taking the same environmentally friendly approach that has sustained us, and our planet, for nearly 80 years. Simply put, Airstream has been green as long as it has been silver.

Airstreams are designed to spend time on the road, not in the landfills. As such, nearly 70% of all Airstream trailers ever produced are still on the road! While other products are designed to wear out, Airstreams are designed to be handed down through the generations.

We also work with nature, not against it. Airstream’s founder, Wally Byam, knew that a low profile and a rounded, slippery shape would make for better towing in every respect. As a result, Airstreams enjoy a 20% advantage in

towing efficiency over standard “white box” trailers. And over the life of your Airstream, that’s a lot of fuel saved.

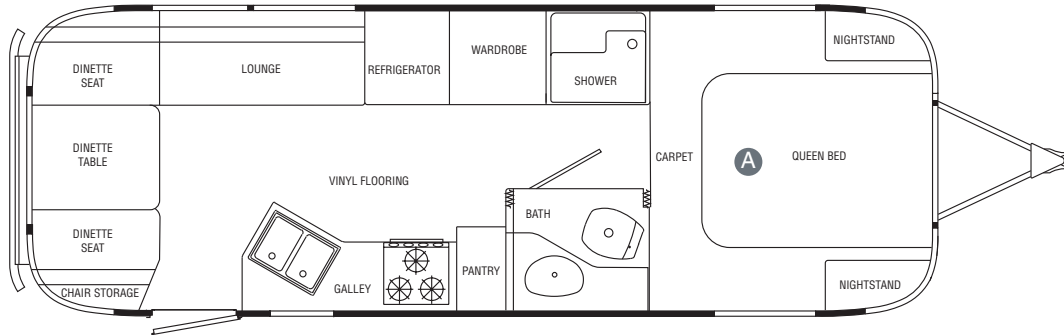

And should your Airstream come to the end of its life after many decades of service, its primary components (aluminum, steel, and wood) are easily recycled.

So go ahead and enjoy your Airstream with a sense of global responsibility, and comfort in the fact that you are adventuring in one of the most environmentally friendly travel trailers in the world. And always remember that Airstreamers leave a place better than they found it. *Silver is indeed Green.*

AIRSTREAM

TRAVEL TRAILERS

TO THE RESTLESS SPIRIT

The Airstream Travel Trailer beckons to those driven by an insatiable desire to see more, to do more, and to learn more. It calls to those who understand the allure of the open road, and the discovery of what lies beyond the next bend. And, it appeals to those who value independence and inspired design, and to those who recognize the quality and craftsmanship that have allowed one brand to stand the toughest test of all – *TIME*.

ADVENTURE, INSPIRED BY AIRSTREAM

Airstream, Inc.

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights – Based on standard features; optional equipment not included. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options, and cargo. Liquid capacities and weights are approximations only.

Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
