

SPORT TRAVEL TRAILERS: 3 FLOORPLANS, 16, 17, 22FB

Lightweight and nimble, the Airstream Sport line sets a new standard for ease of use – perfect for those who want to just hitch-up and go. Airstream Sport travel trailers are true premium compact trailers that let you live large. Smart floorplans maximize space and minimize waste in three easy-to-handle

lengths. Spacious and airy with its own lights, water, shower and fuel for cooking – plus more creature comforts than some trailers twice their size – the Airstream Sport offers the best travel trailer investment available.

▲ 16 Sport Front Lounge in Mochablue Interior

When you're towing an Airstream Sport, getting there seems almost effortless. Its ultralight weight allows it to be towed efficiently by many smaller and midsize sport utility vehicles, or even the family car, with outstanding fuel efficiency.

So choose your floorplan, choose the styling, then choose a destination. Whether it's a week of canoeing in Minnesota's Boundary Waters or a night of music at California's Monterey Jazz Festival, you'll enjoy all the comforts of home no matter how far the road takes you. The Airstream Sport offers nothing less than a personal declaration of independence. So get out there – your adventure awaits!

TIRED OF COMPANIES TRUMPETING THEIR NEW-FOUND “GREEN-NESS”? US TOO.

So we’re happy to note that we’re still taking the same environmentally friendly approach that has sustained us, and our planet, for nearly 80 years. Simply put, Airstream has been green as long as it has been silver.

Airstreams are designed to spend time on the road, not in the landfills. As such, nearly 70% of all Airstream trailers ever produced are still on the road! While other products are designed to wear out, Airstreams are designed to be handed down through the generations.

We also work with nature, not against it. Airstream’s founder, Wally Byam, knew that a low profile and a rounded, slippery shape would make for better towing in every respect. As a result, Airstreams enjoy a 20% advantage in

towing efficiency over standard “white box” trailers. And over the life of your Airstream, that’s a lot of fuel saved.

And should your Airstream come to the end of its life after many decades of service, its primary components (aluminum, steel, and wood) are easily recycled.

So go ahead and enjoy your Airstream with a sense of global responsibility, and comfort in the fact that you are adventuring in one of the most environmentally friendly travel trailers in the world. And always remember that Airstreamers leave a place better than they found it. *Silver is indeed Green.*

TRAVEL TRAILERS

TO THE RESTLESS SPIRIT

The Airstream Travel Trailer beckons to those driven by an insatiable desire to see more, to do more, and to learn more. It calls to those who understand the allure of the open road, and the discovery of what lies beyond the next bend. And, it appeals to those who value independence and inspired design, and to those who recognize the quality and craftsmanship that have allowed one brand to stand the toughest test of all – *TIME*.

ADVENTURE, INSPIRED BY AIRSTREAM

Airstream, Inc.

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights – Based on standard features; optional equipment not included. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options, and cargo. Liquid capacities and weights are approximations only.

Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
