## AIRSTREAM TRAVEL TRAILERS

### INSPIRING ADVENTURE FOR 80 YEARS

In 1931 Airstream began with a dream to create lightweight travel trailers that slipped cleanly through the wind. And with it was born another dream, one of new freedoms, new places, new experiences, and new friendships. It was a dream so powerful and so enduring that it did far more than create a new way to travel; it created a new way of life shared by thousands upon thousands of families.

This latest fleet of Airstream Travel Trailers continues the tradition of extraordinary design and hand-crafted quality that has made Airstream world famous. Following our founder Wally Byam's credo, "Let's not make changes, let's make only improvements," this fleet offers the latest technology advancements and conveniences in a way that is distinctly Airstream. With travel trailers perfect for everyone from first-timers to seasoned Airstreamers, you're sure to find one ideal for the adventure that awaits you around the next bend!

## AN AMERICAN ICON. A SYMBOL OF ADVENTURE.

One look and you know exactly what an Airstream is all about. It's meant to be lived in. It's meant to move. It's meant to help people reconnect with their world, without trampling it.

Eight decades after it first met the open road, art historians and design experts are still praising the purity and charm of the Airstream. "The Airstream really is a pure object, which is why it has lasted so well," gushed Geoff Wardle, chair of the transportation design department at Pasadena's Art Center College of Design.

"No one has yet to surpass them," said architect Margaret McCurry in Architectural Digest. Perhaps Airstream Chairman Larry Huttle summed it up best when he said "there's a spiritual aspect to owning one. There is a wandering spirit to the people who buy this product. They're looking for adventure – for what's beyond that next ridge or horizon – they're explorers at heart."

An iconic design. An object of desire. A symbol of adventure. An Airstream.

# AERODYNAMICS

**SUPERIOR CROSSWIND DEFLECTION  
AND LOWER CENTER OF GRAVITY  
PROMOTE FAR BETTER STABILITY  
THAN OTHER TRAVEL TRAILERS.**

*Trailer image is for illustration purposes only*

**HIGHER  
TOWING MPG\***

*The aerodynamic design of Airstream trailers contributes up to a 20% advantage in towing efficiency over standard travel trailers.*

## **LIGHTWEIGHT. STREAMLINED. FUEL EFFICIENT.**

*One part rocket science, two parts common sense.* Airstream founder Wally Byam knew that a rounded low-profile shape would make towing easier and more stable. And he knew that aluminum would make his trailers as light as possible. The resulting combination has been a symbol of

adventure, and an icon of the open road for decades. Today that classic design is more current than ever, requiring less fuel and horsepower on your way to adventure. Smart. Fuel-Efficient. Beautiful. Since 1931.

\*Actual mileage may vary due to load, driving style, driving conditions and tow vehicle.

# DURABILITY

## SEMI-MONOCOQUE CONSTRUCTION

*Inner and outer layers of stretched aluminum skin riveted to extruded aluminum frames provide greater rigidity and durability.*

### STRONG. STABLE. LOTS OF INTEGRITY.

*No wonder Airstreams are so admired.* Airstream travel trailers are respected and admired for their superior structural integrity. That's because Airstream employs semi-monocoque construction, consisting of an inner and outer layer of aluminum skin. Semi-Monocoque. It's a term that describes the double layers of aluminum that give the Airstream its unique silhouette. Airplanes use the

same construction for optimal aerodynamics. This aluminum is stretched and riveted to the frame, working as an integral part of the structure. Every Airstream is hand-built with extreme attention to detail. Every one, a work of art. Every one, a feat of engineering. In our decades of practice, we've put more than 100,000 of these creations on the road.

## CHARMING AND NIMBLE SINCE 1931.

In 1961 Airstream introduced the first Bambi as a revolutionary lightweight single axle travel trailer, a design that has stood the test of time. It's won the hearts and captured the imaginations of travelers. It travels our lanes and highways, exploring every nook, cranny, and scenic vista from one end of the continent to the other. The Bambi classification is reserved for all Airstream travel trailers that are less than 22 feet in length.

## **DESIGNED FOR THE ROAD. NOT THE LANDFILL.**

*Built by hand by American craftsmen.* Few things in life have proven to be as durable as an Airstream. Designed to spend time on the road and not in a landfill, nearly 70% of all Airstreams ever built are still on the road today. While other products are designed to wear out, Airstreams are designed to be handed down through the generations.

*Silver is green.* We also work with nature, not against it. Our low profile and rounded, slippery shape make for better towing in every respect.

As a result, Airstreams enjoy a 20% advantage in towing efficiency over standard “white box” trailers. Over the life of your Airstream, that’s a lot of fuel saved.

*Built to pass down, not break down.* With a fanatical attention to quality and functional design, Airstream consistently outperforms other travel trailers. Designed with exceptional rigidity and a low center of gravity, Airstream offers far better stability and driving safety than their boxy counterparts. Plus, Airstream’s remarkable longevity has resulted in equally impressive resale values.

*22 SPORT BAMBI*

**SPORT TRAVEL TRAILERS:**

2 FLOORPLANS, 16, 22

Lightweight and nimble, the Airstream Sport line sets a new standard for ease of use – perfect for those who want to just hitch-up and go. Airstream Sport travel trailers are true premium compact trailers that let you live large. Smart floorplans

maximize space and minimize waste in two easy-to-handle lengths. Spacious and airy with its own lights, water, shower and fuel for cooking – plus more creature comforts than some trailers twice their size have – the Airstream Sport offers

quality. So go ahead and leave home without leaving behind the comforts of home. No corners have been cut and nothing spared in creating a living space that lets you entertain in style, dine in comfort and relax in peace.

No other travel trailer comes close to creating this luxurious residential environment. To that we added exterior storage, smartly placed hookups and easy-out awnings that expand living area even further into the great outdoors. So no matter where you pursue your next adventure, Airstream Classic Limited travel trailers make you feel right at home – which, of course, you are.

27 FB INTERNATIONAL

**INTERNATIONAL TRAVEL TRAILERS:**

6 FLOORPLANS, 16 – 28

The Airstream International line redefines upscale and contemporary, sleek sophistication. For designer styling as unique as you are, choose from two breathtaking interior décors: the Signature Series and the Serenity. Intuitive floorplans and spatial design do away with any sense of clutter without sacrificing charm. Modern color options and fabric choices complement the high contrast aluminum and laminate elements, creating a subtle but magical connection between the exterior

and interior space. Both styling packages feature “vista view” and panoramic windows, truly bringing the outside in. At night, strategically-placed recessed halogen lighting sparkles like starlight across the interior aluminum skin. Every color, shape, surface and texture contribute to an atmosphere of relaxed modernism, with the perfect balance of luxury and streamlined efficiency that give this series its unmatched international flair that follows wherever the road takes you.

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights – Based on standard features; optional equipment not included. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options, and cargo. Liquid capacities and weights are approximations only.

Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
