

Ultra Breeze Vent Cover

The Ultra Breeze Vent Cover has revolutionized the design of vent protection devices. The Dometic Ultra Breeze Vent Cover not only allows you to keep your vents open in the rain, but the exclusive patent pending airfoil technology allows for up to 75% more airflow than competing products.

- Allows use of vents in the rain
- Made of high density UV-stable, injection molded, high density polyethylene for durability and long life
- Fits over most 14"x 14" roof vents and high-powered ventilators, including all Fan-Tastic Vents
- Allows between 95-100% airflow
